Unfortunately, your timing was a little off. Your nightly adventures kept you out longer than you expected. Your web is in the rafters and the Cider Mill has begun a new day.

Now you must make your way back home through a maze of crashing apple crushers and messy conveyor belts. Staying out of the way of the juice and the bottlers is a tricky thing to do.

It's a good thing you left those drop lines. They give you something to hang onto as you jump trying to avoid those pesky frogs and wasps. So, grab a line, and make your way up to the attic.
